The Elden Ring, composed of seven magicians that have vowed to save the world from the Dragon of the Sea and the Dragon of War, has been carrying out this mission since long ago. But after a long journey, they are now facing the final battle—a battle that will decide the fate of the world—in the Lands Between, a world of myths. Elden Ring: Online Adventure Based on a Customizable Fantasy World The Elden Ring is an action RPG developed by tri-Ace, celebrating its 10th anniversary. The story begins from the perspective of a wandering Tarnished Soul who has returned to the Lands Between after the end of the great war between the Dragon of the Sea and the Dragon of War. As he continues to drift across the world, he meets a strange being known as the Ring Girl. In front of her, he can see seven Elden Lords and their companions. The Elden Lords, once the seven best heroes in the world, have not been seen since they departed for the Lands Between. In order to rid the world of the Dragons of the Sea and the War, the Elden Ring vowed to save the world. Now, after a long journey of ten years, they have returned to the Lands Between in order to carry out their mission. However, they are in a world in turmoil, and the final battle is about to begin. In the present day, the Elden Ring has completed its main mission and has opened its gates in the Lands Between. The Story Begins with You For such a fabulous story, we at tri-Ace are honored to have you as our player! We would like to present the main elements of the story and take your questions. • Assemble a Party of People Elden Ring has a system where you can play together with others from your companions and the Ring Girls in the same party. • Battle with Leaderboards There will be leaderboards for high score competitions in all the stages, and leaderboards will be updated according to the difficulty level of the stages. • Level Up with Boosts When you level up, you receive skill boosts. Skills are acquired through battles and gain experience points. The skills are equipped by the Ring Girls for their own characters. • Fight against the Dragons There are three types of dragons—the Sea Dragon, the Sea King, and the Dragon of the War. You can meet them on your travels and battle them for your own personal

Download the file from here Download and install the game Install of crack,patch Enjoy Thank you for reading this article... if you like this article please share. PLEASE READ. A new update about the game is being worked on now. I hope this is all working out. The main problem with the game is the lack of information. I am listing all the updat information below. New Update about the game As many of you have said that you have a lot of missing information about the game, and I agree. I am working on the databases because it's the most important aspect of the game. The databases are being worked on, it's a lot of work, but I hope you like the results. I am working on the Maps and the Game Art aspect. The main problem is that I have a lot of background images, but they are not in the states that they should be. Sometime I will release what is the correct background of the cities or what are the background of the different cities. This will take a while, but it will happen. I hope to release the new update in a few weeks from now, I can not say for sure. If you have any suggestions on what the databases should have please let me know. For future reference, on youtube check out the shows the modeller and painter have made. You should be able to find a lot of interesting stuff. It's not always a great episode, but still interesting. Some of them have been released as videos: If you are just looking for a big update. I will update that as well. Before I update the main page I will list the important updates. LOTS OF MISSING INFORMATION ABOUT THE GAME I have about 250,000 words that are already written about the game. I was thinking about finding a story writer to help, but this is not going to happen. Because this is so
